

# Corsair Performance Clinic

**June 16 + 17 2012**

**Shelter Cove Marina/San Diego Bay, CA**

West Coast Multihulls (WCM) and Corsair Marine are pleased to present the Corsair Performance Clinic, geared toward sailors looking to get the most out of their Corsair Trimaran. WCM's own Mat Bryant will be leading this two-day event covering a wide range of proven techniques for properly setting up, tuning and sailing these boats in order to maximize speed on all points of sail.

The format will allow for a mix of performance sailing theory and technical discussions in the classroom, with plenty of on-the-water coaching sessions on a variety of Corsair trimarans. Bryant and other WCM staff will work from a chase boat and shoot video for later review sessions.

Cost is \$395, with discounts available for those who bring their own boat.

- I. **Saturday 09:00-12:00: Classroom Clinic**
  - A. Introductions
  - B. Overview
  - C. Sailing Techniques Specific to Corsair Trimarans

West Coast Multihulls – Corsair Clinic  
PO Box 6338  
San Diego, CA 92166

We are conveniently located just a few miles from the airport, with a selection of lodging and dining options within easy walking distance. A rental car will not be necessary. Please ask for a list of recommended lodging options.

## About Mat Bryant

Mat Bryant was tasked with redeveloping the UK Sails factory direct Corsair program and spent time further developing their racing products. After joining North Sails in 2003, Mat saw the need for higher quality sails in the Corsair fleet, and began to develop North Sails designs for all the Corsair models. A fringe benefit of his new position was Mat's development as a professional racing sailor, traveling to regattas around the world. Mat's racing experience includes inshore one-design racing in Melges 24 to offshore racing on boats up to 130 feet, including 5 Transpacs. His successes are numerous and varied. His deep knowledge of the Corsair Trimarans and love for multihulls makes for excellent service and the ability to answer almost any technical question.

## About West Coast Multihulls

West Coast Multihulls is a boat dealer, brokerage, charter company and sailing school focusing on multihulls, and run by a team of dedicated catamaran and trimaran sailors with thousands of sea miles and decades of combined experience. Formed in 1999, WCM is based in San Diego, CA, and is the west's premier dealer of catamarans and trimarans from the world's top manufacturers.
